## Touché Ladieswear

### Autumn / Winter 2007 Newsletter

We are now approaching the end of our first year in business and we are overwhelmed by the positive feedback we have received. Our first season of Brides got married this summer and we have received some beautiful cards and letters of thanks.

Over the last 12 months, we have been asked on many occasions for Mother of the Bride / Groom wear and Occasion wear. We are now pleased to be able to offer this, having acquired Touché, the ladieswear shop next to us.

Over the next few months we will bring the two shops together, and from early next year we will present to you a beautiful selection of Mother of the Bride/Groom wear, occasionwear, cruisewear, separates and co-ordinating accessories. Our Spring / Summer 2008 collections will be arriving between January and March 2008.

We hope to maintain the high standards already attained by Touché, as well as to bring our own personal and friendly service that you experience at Lancashire Bridal Gallery.
